PROFILE SUMMARY

A Frontend Web Developer passionate about creating solutions and bringing ideas to life with appealing web interface across all devices. My mission is to deliver top-notch, seamless interaction that delight users.

SKILLS

Technical Skills

Languages: HTML5 | CSS3 | JavaScript
Frameworks/Libraries: React.js | Tailwind CSS | Styled Components
Core Web Skills: DOM Manipulation | Responsive Design Principles | API Integration
Tools: Git & Version Control (GitHub) | VS Code

Soft Skills

Excellent Communication (Oral & Written) | Problem Solving | Team Collaboration | Critical Thinking

PROFESSIONAL EXPERIENCE

ACME Software Lab   **Ile-Ife, Nigeria**
Frontend Tutor   *Aug 2025 – Present*

- Groomed students to understand and build responsive projects using HTML, CSS, and JavaScript
- Created custom learning materials and exercises for student engagement

DevSum   **Lahore, Pakistan**
Frontend Web Developer (Intern)   *July 2025 – Aug 2025*

- Contributed to the development of responsive user interfaces using React.js and Tailwind CSS
- Collaborated with experienced developers and designers in a mentorship driven environment to build production quality features

PROJECTS

ACME Software Lab - https://acme-website-live.netlify.app/   **HTML | CSS | JAVASCRIPT**

- Translated Figma designs into responsive web layouts, ensuring cross device compatibility and pixel-perfect accuracy.
- Developed input fields and form validation for signup and login pages
- Styled UI elements using Tailwind CSS maintaining a consistent and scalable design system
- Optimized page structure and layout, improving load performance and enhancing user experience.

Basic React To-do - https://my-august-app.netlify.app/   **React.js | Tailwind CSS**

- Styled UI elements using Tailwind CSS to ensure responsive web layout
- Built reusable components to get familiar with react fundamentals

Portfolio Website - https://peter-adepoju.netlify.app/   **JAVASCRIPT |TAILWIND CSS**

- Integrated a downloadable resume section for recruiters and collaborators to access my professional background.
- Designed and developed a fully responsive personal portfolio to showcase my journey, skills, and top projects.
- Focused on clean UI/UX design, ensuring the site is easy to navigate and reflects my developer personality.

Browser Extensions - https://extension-project.netlify.app/   **HTML5 | CSS3 | JAVASCRIPT**

- Developed a fully responsive grid-based layout ensuring optimal performance and usability across desktop, tablet, and mobile devices
- Implemented dynamic light/dark theme switching with JavaScript to enhance user experience and accessibility
- Built interactive multi-page functionality with functions to add or delete extensions, demonstrating DOM manipulation and state management.

EDUCATION & CERTIFICATIONS

Obafemi Awolowo University   **Osun State, Nigeria**
Bachelor of Science in Management & Accounting   *2016 -2020*

INTERESTS

- Exploring Tech Tools
- Contributing to open-source projects on GitHub
- Building personal websites and web apps
